Desr Miss Hahncke:

Sorry there was always the endless haste. I would appreciate it if you could speak to your friend who can supply you with information about property in the Mandeville area to learn all you can about the various Cuban training camps in that area, all the people involved either owning the property or knowledgable, and most particularly about a special camp past the Big BraNCh sign on the road from the causeway on the lefthand side of that road and not too far from a drainage ditch that leads to near a warehouse behind the Mandeville asylum.

If you get any of this information, I would appreciate it if you could have it written out for me. Many thanks.

Sincerely,

Harold Weisberg
